Continuous Quality Improvement (CQI) Process

1. Utilizing the diagram on the back of this sheet share with the table what phase you are currently in the CQI Process; and what are your action steps, timeframes and participants for this phase
2. Share any tools or documents or other resources that you have used during this phase that have been helpful to you
3. Share any challenges you are having in this phase and ask your tablemates for suggestions on how to overcome these “opportunities”
