MAY 19, 2016 9:00AM – 11:00AM
Ignite Yourself! Help Save Afterschool
(Advocacy Training)

What is the change we most need and want in the world? How do we make that change, and who must do the work? The transformation we need requires a movement: one that includes our children and youth, and each of us, for we are stewards of a world that belongs to young people. As we build collective understanding of issues that impact our programs and communities, we must take collective action. **Join us to learn how you can help address our most pressing issues and Save Afterschool in California. The time is now to take action!** When afterschool funding gets voted on by the legislature, will you be able to say that you contributed to a successful increase?

Participants will:

- Understand the power of activating self and others toward influencing social change
- Gain experience implementing actions to educate and influence decision makers to increase afterschool funding
- Gain tools and resources to engage their community and youth in their programs to take action and help save afterschool in California
