

# CORE COMPETENCY

**WHAT** – The core competencies are a list of recommended knowledge and skills for Expanded Learning Program workers. They are a framework to help guide us in our work. There are competencies for Grant Managers; Program Directors; Site Coordinators and Frontline staff.

**WHY** – LACOE provides the surveys each year and the data helps us determine what trainings and TA to offer. The individualized reports are a great tool to assist your organization in planning your staff development.

**WHERE** – On Line! Here are the links (but they will not be active until Friday, Oct 13, 2017). You will also get an email from us!

Grant Manager – <https://www.surveymonkey.com/r/grantman17-18>

Program Director – <https://www.surveymonkey.com/r/progdir17-18>

Site Coordinator – <https://www.surveymonkey.com/r/SC17-18>

Frontline staff – <https://www.surveymonkey.com/r/Frontline17-18>

**WHEN** – The survey opens on Friday, October 13, 2017. The links are listed below, and will also be emailed to program directors and grant managers. We ask that you forward the respective links to your site coordinators and frontline staff and request they take the time to complete the survey (about 20 mins).

**RESULTS** – Will be shared at the January 19, 2018 Advisory meeting. Additionally, individualized reports can be made available for districts/organizations. These reports will be ready by mid-December. Contact Sue Gevedon ([gevedon\\_sue@lcoe.edu](mailto:gevedon_sue@lcoe.edu)) if you would like an individualized report.
