Read to Lead, is a set of free tools to support afterschool and summer facilitators. **Read to Lead** offers digital workplace experiences and offline project based activities to empower middle school students to take charge of their learning!

***Meets Quality Standards for Expanded Learning**

Materials and Support

Read to Lead pairs free digital learning games with values-based discussion, hands-on activities, and service-learning projects. The **complete turn-key curriculum** offers a facilitator's guide with on and offline student activities for 45-60 minutes each program day over a multi-week, semester-long, or summer-learning session.

Generous foundation support provides upfront virtual training and 24/7 support for program staff to ensure success.
